Title : Little Lunch Author: Danny Katz, Mitch Vane

"Little Lunch" is an amazing book. I can learn English and improve my grammar. The book is so interesting that I didn't even miss a single page. It also has DVDs for people to watch their favourite episodes of the TV series 'Little Lunch'.

My favourite one is "The Principal's Office". This is about a boy. Rory who gets punished. He bites his classmate's finger and his teacher Miss Connab. So his sent to the principal's Office H.

his teacher, Miss Gonsha. So he is sent to the principal's office. He needs to sit on a chair and face a map. If he wants to leave, the principal says, "Rory, back on the chair". It is very humorous. I've learnt to behave and to always obey the school rules.

: The Little Prince Author: Antoine de Saint-Exupery

"The Little Prince" is a book about a bunch of people the little prince encounters. People he meets are strange and seem to be abnormal. However, they represent the ridiculous sides of people such as the astronomer. He presents his discovery twice. Once in Turkish costume and once in European costume. He is accepted only in European costume, reflecting the discrimination among nations and shows the absurd side of humanity.

I really love this book due to its deep meaning and interesting plots. I'm also captivated by its descriptions of love and pureness of friendship. To conclude, I am spell-bound by its beautiful stories imparting meaning.

: Since You've been gone Author: Morgan Matson

"I don't think you have to do something so big to be brave. And, it's the little things that are harder anyway." A quote from this novel. The book's themes are friendship, love and confidence. The story is about a girl, Emily, who is shy and always nervous. A summer, her best friend, Sloane disappears. Emily can get to Sloane only by finishing the list. But the problem is that she has never done those difficult things. While trying to finish the list, Fmily learns to be brave and she has the most enjoyable summer.

I really like the story as it is meaningful and would like to recommend it to all the teenagers out there. I'm sure you'll regret not reading it in the first place.
